

PSHE (Personal, Social, Health Education) Policy

(including Relationships and Health Education statutory from September 2020, and our position on Sex Education)

Date of policy November	
2021	
Member of staff responsible	
Caroline McKay	
Review date	
2023	

Context

All schools must provide a curriculum that is broadly based, balanced and meets the needs of all pupils. Under section 78 of the Education Act 2002 and the Academies Act 2010, a PSHE curriculum:

- Promotes the spiritual, moral, cultural, mental and physical development of pupils at the school and of society, and
- Prepares pupils at the school for the opportunities, responsibilities and experiences of later life.

PSHE

At Stottesdon Primary, we teach Personal, Social, Health Education as a whole-school approach to underpin children's development as people and because we believe that this also supports their learning capacity.

The Jigsaw Programme offers us a comprehensive, carefully thought-through Scheme of Work which brings consistency and progression to our children's learning in this vital curriculum area. The overview of the programme can be seen on the school website, in our curriculum maps and in the progression of skills and knowledge.

This also supports the "Personal Development" and "Behaviour and Attitude" aspects required under the Ofsted Inspection Framework, as well as significantly contributing to the school's Safeguarding and Equality Duties, the Government's British Values agenda and the SMSC (Spiritual, Moral, Social, Cultural) development opportunities provided for our children.

Statutory Relationships and Health Education

"The Relationships Education, Relationships and Sex Education and Health Education (England) Regulations 2019, made under sections 34 and 35 of the Children and Social Work Act 2017, make Relationships Education compulsory for all pupils receiving primary education...They also make Health Education compulsory in all schools except independent schools. Personal, Social, Health and Economic Education(PSHE) continues to be compulsory in independent schools."

"Today's children and young people are growing up in an increasingly complex world and living their lives seamlessly on and offline. This presents many positive and exciting opportunities, but also challenges and risks. In this environment, children and young people need to know how to be safe and healthy, and how to manage their academic, personal and social lives in a positive way."

"This is why we have made Relationships Education compulsory in all primary schools in England...as well as making Health Education compulsory in all state-funded schools."

"In primary schools, we want the subjects to put in place the key building blocks of healthy, respectful relationships, focusing on family and friendships, in all contexts, including online. This will sit alongside the essential understanding of how to be healthy."

"These subjects represent a huge opportunity to help our children and young people develop. The knowledge and attributes gained will support their own, and others' wellbeing and attainment and help young people to become successful and happy adults who make a meaningful contribution to society."

Secretary of State Foreword DfE Guidance 2019 p.4-5

"Schools are free to determine how to deliver the content set out in the DfE guidance 2019 in the context of a broad and balanced curriculum. Effective teaching in these subjects will ensure that core knowledge is broken down into units of manageable size and communicated clearly to pupils, in a carefully sequenced way, within a planned programme of lessons."

DfE Guidance p.8

" All schools must have in place a written policy for Relationships Education and RSE."

DfE Guidance p.11

Here, at Stottesdon C. of E. School we value PSHE as one way to support children's development as human beings, to enable them to understand and respect who they are, to empower them with a voice and to equip them for life and learning.

We include the statutory Relationships and Health Education within our whole-school PSHE Programme.

To ensure progression and a spiral curriculum, we use Jigsaw, the mindful approach to PSHE, as our chosen teaching and learning programme and tailor it to your children's needs. The mapping document: Jigsaw 3-11 and statutory Relationships and Health Education, shows exactly how Jigsaw and therefore our school, meets the statutory Relationships and Health Education requirements.

This programme's complimentary update policy ensures we are always using the most up to date teaching materials and that our teachers are well-supported.

Our PSHE policy is informed by existing DfE guidance:

- Keeping Children Safe in Education (statutory guidance)
- Respectful School Communities: Self Review and Signposting Tool (a tool to support a whole school approach that promotes respect and discipline)
- Behaviour and Discipline in Schools (advice for schools, including advice for appropriate behaviour between pupils)
- Equality Act 2010 and schools
- SEND code of practice: 0 to 25 years (statutory guidance)
- Alternative Provision (statutory guidance)
- Mental Health and Behaviour in Schools (advice for schools)
- Preventing and Tackling Bullying (advice for schools, including advice on cyberbullying)
- Sexual violence and sexual harassment between children in schools (advice for schools)
- The Equality and Human Rights Commission Advice and Guidance (provides advice on avoiding discrimination in a variety of educational contexts)
- Promoting Fundamental British Values as part of SMSC in schools (guidance for maintained schools on promoting basic important British values as part of pupils' spiritual, moral, social and cultural (SMSC)
- SMSC requirements for independent schools (guidance for independent schools on how they should support pupils' spiritual, moral, social and cultural development).

It is also aligned with the Church of England's "A CHARTER FOR FAITH SENSITIVE AND INCLUSIVE RELATIONSHIPS EDUCATION, RELATIONSHIPS AND SEX EDUCATION (RSE) AND HEALTH EDUCATION (RSHE)" and draws on the advice given in the Church of England document 'Valuing All God's Children: Guidance for Church of England schools on challenging homophobic, biphobic and transphobic bullying' (Church of England Education Office, second edition updated summer 2019).

The Jigsaw Programme is aligned to the PSHE Association Programmes of Study for PSHE.

What do we teach when and who teaches it?

Whole-school approach

Jigsaw covers all areas of PSHE for the primary phase including statutory Relationships and Health Education. The table below gives the learning theme of each of the six Puzzles (units) and these are taught across the school; the learning deepens and broadens every year.

Term	Puzzle (Unit)	Content	
		Includes understanding my own identity and how I fit well in the class, school and global community. Jigsaw Charter established.	
Autumn 2:	Celebrating Difference	Includes anti-bullying (cyber and homophobic bullying included) and understanding	

Spring 1:	Dreams and Goals	Includes goal-setting, aspirations, who do I want to become and what would I like to do for work and to contribute to society
Spring 2:	Healthy Me	Includes drugs and alcohol education, self-esteem and confidence as well as healthy lifestyle choices, sleep, nutrition, rest and exercise
Summer 1:	Relationships	Includes understanding friendship, family and other relationships, conflict resolution and communication skills, bereavement and loss
Summer 2:	Changing Me	Includes Relationships and Sex Education in the context of coping positively with change

At Stottesdon C. of E. Primary School we aim to allocate a session to PSHE each week in order to teach the PSHE knowledge and skills in a developmental and age-appropriate way.

These explicit lessons are reinforced and enhanced in many ways:

Assemblies and collective worship, praise and reward system, Learning Charter, through relationships child to child, adult to child and adult to adult across the school. We aim to 'live' what is learnt and apply it to everyday situations in the school community.

Class teachers deliver the weekly lessons to their own classes.

Relationships Education

What does the DfE statutory guidance on Relationships Education expect children to know by the time they leave primary school?

Relationships Education in primary schools will cover 'Families and people who care for me', 'Caring friendships', 'Respectful relationships', 'Online relationships', and 'Being safe'.

The expected outcomes for each of these elements can be found further on in this policy. The way the Jigsaw Programme covers these is explained in the mapping document: Jigsaw 3-11 and Statutory Relationships and Health Education.

It is important to explain that whilst the Relationships Puzzle (unit) in Jigsaw covers most of the statutory Relationships Education, some of the outcomes are also taught elsewhere in Jigsaw e.g. the Celebrating Difference Puzzle helps children appreciate that there are many types of family composition and that each is important to the children involved. This holistic approach ensures the learning is reinforced through the year and across the curriculum.

Parents should also be aware that the Church of England states in "Valuing All God's Children", 2019, that Relationships and Sex education should: "Make it clear that relationships and sex education is designed to prepare all pupils for the future, regardless of sexual orientation or gender identity. RSE must promote gender equality and LGBT equality and it must challenge discrimination. RSE must take the needs and experiences of LGBT people into account and it should seek to develop understanding that there are a variety of relationships and family patterns in the modern world." (Page 34)

Health Education

What does the DfE statutory guidance on Health Education expect children to know by the time they leave primary school?

Health Education in primary schools will cover 'Mental wellbeing', 'Internet safety and harms', Physical health and fitness', Healthy eating', 'Drugs, alcohol and tobacco', 'Health and prevention', 'Basic First Aid', 'Changing adolescent body'.

The expected outcomes for each of these elements can be found further on in this policy. The way the Jigsaw Programme covers these is explained in the mapping document: Jigsaw 3-11 and Statutory Relationships and Health Education.

It is important to explain that whilst the Healthy Me Puzzle (unit) in Jigsaw covers most of the statutory Health Education, some of the outcomes are taught elsewhere in Jigsaw e.g. emotional and mental health is nurtured every lesson through the Calm me time, social skills are grown every lesson through the Connect us activity and respect is enhanced through the use of the Jigsaw Charter.

Also, teaching children about puberty is now a statutory requirement which sits within the Health Education part of the DfE guidance within the 'Changing adolescent body' strand, and in Jigsaw this is taught as part of the Changing Me Puzzle (unit).

Again, the mapping document transparently shows how the Jigsaw whole-school approach spirals the learning and meets all statutory requirements and more.

Sex Education

The DfE Guidance 2019 (p.23) recommends that all primary schools 'have a sex education programme tailored to the age and the physical and emotional maturity of the pupils.

However, 'Sex Education is not compulsory in primary schools'. (p. 23)

Schools are to determine the content of sex education at primary school. Sex education 'should ensure that both boys and girls are prepared for the changes that adolescence brings and – drawing on knowledge of the human life cycle set out in the national curriculum for science - how a baby is conceived and born'.

At Stottesdon C. of E. Primary School, we believe children should understand the facts about human reproduction before they leave primary school (see Relationship and Sex Education Policy)

"Parents have the right to request that their child be withdrawn from some or all of sex education delivered as part of statutory Relationships and Sex Education" DfE Guidance p.17

At Stottesdon Primary, puberty is taught as a statutory requirement of Health Education and covered by our Jigsaw PSHE Programme in the 'Changing Me' Puzzle (unit) and complemented by the Shropshire Respect Yourself Programme. Sex education refers to Human Reproduction, and therefore we inform parents of their right to request their child be withdrawn from the PSHE lessons that explicitly teach this i.e. the Jigsaw Changing Me Puzzle (unit) e.g.

Year 4, Lesson 2 (Having a baby))

Year 5, Lesson 4 (Conception)

Year 6, Lesson 3 (Conception, birth)

The science curriculum requires children to know how mammals reproduce and this includes humans. We strongly recommend to parents that children have access to this scientific knowledge. We are of course happy to discuss the content of the curriculum with you.

Monitoring and Review

The Curriculum Committee of the governing body monitors this policy on an annual basis. This committee reports its findings and recommendations to the full governing body, as necessary, if the policy needs modification. The Curriculum Committee gives serious consideration to any comments from parents about the PSHE (RSHE) programme and makes a record of all such comments. Governors scrutinise and ratify teaching materials to check they are in accordance with the school's ethos.

Equality

This policy will inform the school's Equalities Plan.

The DfE Guidance 2019 (p. 15) states, "Schools should ensure that the needs of all pupils are appropriately met, and that all pupils understand the importance of equality and respect. Schools must ensure they comply with the relevant provisions of the Equality Act 2010 under which sexual orientation and gender reassignment are amongst the protected characteristics". Whilst teaching about relationships our school will openly and positively discuss that families are all different (e.g. grandparents, single parents, adoptive parents, foster parents, families with two mums, families with two dads, (LGBTQ) or other family structures. Emphasis will be put on equality, respect and loving relationships. Children, by the end of primary, will understand the meaning of LGBT words and that this is about people and who they love, may want to marry, and spend their lives with (sexual activity is not considered but human reproduction and 'changing us' is).

At the point at which we teach pupils about LGBT (Lesbian, Gay, Bisexual, Transgender), the content is fully integrated into the programmes of study for this area of the curriculum rather than delivered as a stand-alone unit or lesson.

This can also have an impact on any anti-bullying policies (see separate) in regard to these characteristics being the reason for the issue. The Church of England document "Valuing all God's Children", 2019, states:

"Schools should ensure that they have clear anti-bullying policies on preventing and tackling homophobic, biphobic and transphobic behaviour and language and that these policies are known and understood by all members of the school community. School leaders should present a clear message that HBT bullying will not be tolerated and that there can be no justification for this negative behaviour based on the Christian faith or the Bible. Schools should ensure that pupils understand how to report incidents. Pupils should be confident that if they report bullying it will be taken seriously."

It also asserts:

"Central to Christian theology is the truth that every single one of us is made in the image of God. Every one of us is loved unconditionally by God. We must avoid, at all costs, diminishing the dignity of

any individual to a stereotype or a problem. Church of England schools offer a community where everyone is a person known and loved by God, supported to know their intrinsic value" (page 1)

"Opportunities to discuss issues to do with self-esteem, identity and bullying, including HBT (homophobic, biphobic and transphobic) bullying, should be included in physical, social, health and economic education or citizenship programmes. The curriculum should offer opportunities for pupils to learn to value themselves and their bodies. Relationships and sex education should take LGBT people into account." (Page 6)

British Values (democracy, rule of law, individual liberty, mutual respect and tolerance)

Our PSHE provision, through Jigsaw and wider approaches, comprehensively promotes these values. Please see appendix 2 for further information.

At Stottesdon Primary, we promote respect for all and value every individual child. We also respect the right of our children, their families and our staff, to hold beliefs, religious or otherwise, and understand that sometimes these may be in tension with our approach to some aspects of Relationships, Health and Sex Education.

For further explanation as to how we approach LGBT relationships in the PSHE (RSHE) Programme please see:

'Including and valuing all children. What does Jigsaw teach about LGBTQ relationships?'

Policy Review

This policy is reviewed bi-annually.

Relationships Education in Primary schools – DfE Guidance 2019

The focus in primary school should be on teaching the fundamental building blocks and characteristics of positive relationships, with particular reference to friendships, family relationships, and relationships with other children and with adults. The references R3/H5 etc can be cross-referenced on the Jigsaw mapping documents and Puzzle Maps to show which lessons throughout Jigsaw contribute to which statutory outcomes. All statutory outcomes are covered in the Jigsaw 3-11 Programme.

The guidance states that, by the end of primary school:

	Pupils should know	How Jigsaw provides the solution
Families and people who care for me	 R1 that families are important for children growing up because they can give love, security and stability. R2 the characteristics of healthy family life, commitment to each other, including in times of difficulty, protection and care for children and other family members, the importance of spending time together and sharing each other's lives. R3 that others' families, either in school or in the wider world, sometimes look different from their family, but that they should respect those differences and know that other children's families are also characterised by love and care. R4 that stable, caring relationships, which may be of different types, are at the heart of happy families, and are important for children's security as they grow up. R5 that marriage represents a formal and legally recognised commitment of two people to each other which is intended to be lifelong (Marriage in England and Wales is available to both opposite sex and same sex couples. The Marriage (Same Sex Couples) Act 2013 extended marriage to same sex couples in England and Wales. The ceremony through which a couple get married may be civil or religious). R6 how to recognise if family relationships are making them feel unhappy or unsafe, and how to seek help or advice from others if needed 	All of these aspects are covered in lessons within the Puzzles Relationships Changing Me Celebrating Difference Being Me in My World
Caring friendships	 R7 how important friendships are in making us feel happy and secure, and how people choose and make friends R8 the characteristics of friendships, including mutual respect, truthfulness, trustworthiness, loyalty, kindness, generosity, trust, sharing interests and experiences and support with problems and difficulties 	

ı		T
	R9 that healthy friendships are positive and welcoming towards others and do not make	
	others feel lonely or excluded	
	R10 that most friendships have ups and downs, and that these can often be worked	
	through so that the friendship is repaired or even strengthened, and that resorting to	
	violence is never right	
	• R11 how to recognise who to trust and who not to trust, how to judge when a friendship is	
	making them feel unhappy or uncomfortable, managing conflict, how to manage these	
	situations and how to seek help and advice from others, if needed	
Respectful	• R12 the importance of respecting others, even when they are very different from them (for	
relationships	example, physically, in character, personality or backgrounds), or make different choices or	
	have different preferences or beliefs	
	R13 practical steps they can take in a range of different contexts to improve or support	
	respectful relationships	
	R14 the conventions of courtesy and manners	
	 R15 the importance of self-respect and how this links to their own happiness 	
	• R16 that in school and in wider society they can expect to be treated with respect by	
	others, and that in turn they should show due respect to others, including those in	
	positions of authority	
	 R17 about different types of bullying (including cyberbullying), the impact of bullying, 	
	responsibilities of bystanders (primarily reporting bullying to an adult) and how to get help	
	 R18 what a stereotype is, and how stereotypes can be unfair, negative or destructive 	
	• R19 the importance of permission-seeking and giving in relationships with friends, peers	
	and adults	
Online	R20 that people sometimes behave differently online, including by pretending to be	All of these aspects are covered in
relationships	someone they are not.	lessons within the Puzzles
	• R21 that the same principles apply to online relationships as to face-to-face relationships,	
	including the importance of respect for others online including when we are anonymous.	 Relationships
	• R22 the rules and principles for keeping safe online, how to recognise risks, harmful	Changing Me
	content and contact, and how to report them.	Celebrating Difference
	• R23 how to critically consider their online friendships and sources of information including	
	awareness of the risks associated with people they have never met.	
	R24 how information and data is shared and used online.	

Being safe	

- R25what sorts of boundaries are appropriate in friendships with peers and others (including in a digital context).
- R26 about the concept of privacy and the implications of it for both children and adults; including that it is not always right to keep secrets if they relate to being safe.
- R27 that each person's body belongs to them, and the differences between appropriate and inappropriate or unsafe physical, and other, contact.
- R28 how to respond safely and appropriately to adults they may encounter (in all contexts, including online) whom they do not know.
- R29 how to recognise and report feelings of being unsafe or feeling bad about any adult.
- R30 how to ask for advice or help for themselves or others, and to keep trying until they
 are heard,
- R31 how to report concerns or abuse, and the vocabulary and confidence needed to do so.
- R32 where to get advice e.g. family, school and/or other sources.

All of these aspects are covered in lessons within the Puzzles

- Relationships
- Changing Me
- Celebrating Difference

Physical health and mental well-being education in Primary schools – DfE Guidance

The focus in primary school should be on teaching the characteristics of good physical health and mental wellbeing. Teachers should be clear that mental well-being is a normal part of daily life, in the same way as physical health.

By the end of primary school:

	Pupils should know	How Jigsaw provides the solution
Mental wellbeing	 H1 that mental wellbeing is a normal part of daily life, in the same way as physical health. H2 that there is a normal range of emotions (e.g. happiness, sadness, anger, fear, surprise, nervousness) and scale of emotions that all humans experience in relation to different experiences and situations. H3 how to recognise and talk about their emotions, including having a varied vocabulary of words to use when talking about their own and others' feelings. H4 how to judge whether what they are feeling and how they are behaving is appropriate and proportionate. H5 the benefits of physical exercise, time outdoors, community participation, voluntary and service-based activity on mental well-being and happiness. H6 simple self-care techniques, including the importance of rest, time spent with friends and family and the benefits of hobbies and interests. H7 isolation and loneliness can affect children and that it is very important for children to discuss their feelings with an adult and seek support. H8 that bullying (including cyberbullying) has a negative and often lasting impact on mental well-being. H9 where and how to seek support (including recognising the triggers for seeking support), including whom in school they should speak to if they are worried about their own or someone else's mental well-being or ability to control their emotions (including issues arising online). 	All of these aspects are covered in lessons within the Puzzles • Healthy Me • Relationships • Changing Me • Celebrating Difference

	H10 it is common for people to experience mental ill health. For many people who do, the problems can be resolved if the right support is made	
	available, especially if accessed early enough.	
Internet safety and harms	 H11 that for most people the internet is an integral part of life and has many benefits. H12 about the benefits of rationing time spent online, the risks of excessive time spent on electronic devices and the impact of positive and negative content online on their own and others' mental and physical wellbeing. H13 how to consider the effect of their online actions on others and knowhow to recognise and display respectful behaviour online and the importance of keeping personal information private. H14 why social media, some computer games and online gaming, for example, are age restricted. H15 that the internet can also be a negative place where online abuse, trolling, bullying and harassment can take place, which can have a negative impact on mental health. H16 how to be a discerning consumer of information online including understanding that information, including that from search engines, is ranked, selected and targeted. H17 where and how to report concerns and get support with issues online. 	All of these aspects are covered in lessons within the Puzzles Relationships Healthy Me
Physical health and fitness	 H18 the characteristics and mental and physical benefits of an active lifestyle. H19 the importance of building regular exercise into daily and weekly 	All of these aspects are covered in lessons within the Puzzles
	routines and how to achieve this; for example, walking or cycling to school, a daily active mile or other forms of regular, vigorous exercise. H20 the risks associated with an inactive lifestyle (including obesity). H21 how and when to seek support including which adults to speak to in school if they are worried about their health.	Healthy Me
Healthy eating	H22 what constitutes a healthy diet (including understanding calories and other nutritional content).	All of these aspects are covered in lessons within the Puzzles

Drugs, alcohol and tobacco	 H23 the principles of planning and preparing a range of healthy meals. H24 the characteristics of a poor diet and risks associated with unhealthy eating (including, for example, obesity and tooth decay) and other behaviours (e.g. the impact of alcohol on diet or health). H25 the facts about legal and illegal harmful substances and associated risks, including smoking, alcohol use and drug-taking 	Healthy Me
Health and prevention	 H26 how to recognise early signs of physical illness, such as weight loss, or unexplained changes to the body. H27 about safe and unsafe exposure to the sun, and how to reduce the risk of sun damage, including skin cancer. H28 the importance of sufficient good quality sleep for good health and that a lack of sleep can affect weight, mood and ability to learn. H29 about dental health and the benefits of good oral hygiene and dental flossing, including regular check-ups at the dentist. H30 about personal hygiene and germs including bacteria, viruses, how they are spread and treated, and the importance of handwashing. H31 the facts and science relating to immunisation and vaccination 	All of these aspects are covered in lessons within the Puzzles • Healthy Me
Basic first aid Changing adolescent	 H32 how to make a clear and efficient call to emergency services if necessary. H33 concepts of basic first-aid, for example dealing with common injuries, including head injuries. H34 key facts about puberty and the changing adolescent body, 	All of these aspects are covered in lessons within the Puzzles • Healthy Me All of these aspects are covered in lessons within
body	 particularly from age 9 through to age 11, including physical and emotional changes. H35 about menstrual wellbeing including the key facts about the menstrual cycle. 	the Puzzles Changing Me Healthy Me

Appendix 2: BRITISH VALUES

The Department of Education have recently reinforced the need "to create and enforce a clear and rigorous expectation on all schools to promote the fundamental British values of democracy, the rule of law, individual liberty and mutual respect and tolerance of those with different faiths and beliefs."

The Government set out its definition of British values in the 2011 Prevent Strategy, and these values have been reiterated by the Prime Minister. At Stottesdon these values are reinforced regularly and in the following ways:

Democracy

At Stottesdon democracy is taken very seriously. Children are actively encouraged to have a voice and share their views and opinions regularly. Our active school council is one such example. Every Autumn we have an election week when the candidates for class representatives on the school council pitch their election manifesto to the rest of their class. A secret ballot ensures and the results are announced in a special assembly. The children love this process and have great respect for the outcomes. The school council representatives (2 per class from Reception to Year 6) meet regularly then take the ideas from the meeting back to their classes for discussion.

Every child also contributes their ideas to the composition of their own class charter every year. This sets ground rules for classroom conduct and establishes the standards of behaviour children can expect from each other over the year ahead. All children also complete a bi-annual questionnaire which provides them with the opportunity to share their views of learning at Stottesdon and suggest ways in which the school could be improved further.

Governors also talk regularly to children to establish their views as a way of ensuring that school self-evaluation is robust and accurate, and therefore effective in moving the school forward.

The Rule of Law

The importance of laws, whether they be those that govern the class, the school, or the country, are consistently reinforced throughout the school day, as well as when dealing with behaviour and through school assemblies. Children are taught the value and reasons behind laws, that they govern and protect us, the responsibilities

that this involves and the consequences when laws are broken. Our schools' rules, rewards and sanctions which are displayed in all classrooms, referred to regularly and consistently upheld are a practical example of this.

Visits from authorities such as the Police and Fire Service help reinforce this message.

Individual Liberty

Within school, children are actively encouraged to make decisions and choices, knowing that they are in a safe and supportive environment. As a school we educate and provide boundaries for young children to take risks and make choices safely. Children are encouraged to know, understand and exercise their rights and personal freedoms and advised how to exercise these safely, for example through our E-Safety and PSHE lessons. Whether it be through choice of learning challenge, how they record their learning, participation in one of our extra-curricular clubs and opportunities, children are given the freedom to make choices and make decisions.

Mutual Respect

As a Church of England School, mutual respect is at the heart of our values. Children learn that their behaviours have an effect on their own rights and those of others. All members of the school community treat each other with respect.

Tolerance of Those of Different Faiths and Beliefs

Stottesdon is situated in an area which is not culturally diverse, therefore we place a great emphasis on promoting diversity with the children. Assemblies are regularly planned to address this issue either directly or through the inclusion of stories and celebrations from a variety of faiths, cultures and perspectives. Our RE and PSHE teaching reinforce this. Each year the children explore world faiths alongside their learning about Christianity. By the time they leave us all children have learnt about the beliefs and practices of people of the following world faiths; Judaism, Sikhism, Hinduism, Buddhism and Islam. Members of different faiths or religions are encouraged to share their knowledge to enhance learning within classes and the school.

At Stottesdon we will actively challenge children, staff or parents expressing opinions contrary to fundamental British Values, including those expressing 'extremist' views.

PREVENTING RADICALISATION AND EXTREMISM

Radicalisation is defined as the act or process of making a person more radical or favouring of extreme or fundamental changes in political, economic or social conditions

Extremism is defined as the holding of extreme political or religious views.

The Governing Body of Stottesdon has a zero-tolerance approach to extremist behaviour for all school community members. We rely on our strong values to steer our work and ensure the pastoral care of our children protects them from exposure to negative influences.

Stottesdon is fully committed to safeguarding and promoting the welfare of all its children. As a school we recognise that safeguarding against radicalisation is no different from safeguarding against any other vulnerability. At Stottesdon, all staff are expected to uphold and promote the fundamental principles of British values, including democracy, the rule of law, individual liberty and mutual respect, and tolerance of those with different faiths and beliefs.

- Children are encouraged to adopt and live out our Core Values. These complement the key "British Values" of tolerance, respect, understanding, compassion and harmonious living.
- Children are helped to understand the importance of democracy and freedom of speech, through the PSHE, assemblies and through the elected School Council members
- Children are taught how to keep themselves safe, in school and when using the internet.
- Children participate in local community events so that they appreciate and value their neighbours and friends who may not share their faith background.
- Children's wellbeing, confidence and resilience is promoted through our planned curriculum and extra-curricular learning opportunities.
- Children are supported in making good choices from a very young age, so they understand the impact and consequences of their actions on others.

THE ROLE OF THE CURRICULUM

Our curriculum promotes respect, tolerance and diversity. Children are encouraged to express themselves through discussions, debates, and consultations. The RE (Religious Education), PSHE (Personal, Social and Health Education) and citizenship are embedded across the curriculum and underpin the ethos of our school. Together these opportunities combine to create SMSC (Spiritual, Moral, Social and Cultural) provision in our school.

Although serious incidents involving radicalisation have not occurred at Stottesdon to date, it is important for us to be constantly vigilant and remain fully informed about the issues which affect the region in which we teach. Staff are reminded to suspend any professional disbelief that instances of radicalisation 'could not happen here' and to refer any concerns through the Child Protection/ Safeguarding Lead Teachers.
