Our Worship / Reflections this week:

Monday: Reverend Sally visited to talk about the Easter story and bringing the Lord's prayer to life with actions. We are really looking forward to our Easter celebration on the last day of term.

Tuesday: As part of our No Outsiders culture (where every child, no matter what their belief, origin, need, disability, is welcome) we have had a focus on Neurodiversity week. The powerpoint is attached to the school news if anyone is interested. Our focus was that we are all different and have different strengths and challenges. We discussed that when we find something difficult we find a way of getting over/or around the challenge (we don't let it stop us!). We looked at the famous people on the powerpoint and the challenges/hurdles they had overcome.

Neurodiversity Celebration Week

Wednesday: Open the book continued the Easter season with the story of Jesus' arrest and trial. We reflected on the importance of keeping our promises and showing forgiveness when things go wrong.

Thursday: We discussed the story in the news this week about how Pokemon is celebrating 30 years since it was first created. It is popular with both children and adults all over the world. It shows that age doesn't matter when it comes to having fun. Children reflected on how fun can look different for everyone. The things we enjoy can help us relax, learn and use our imagination.

Celebrating Reading

Reading

Reading with children is one of the most powerful gift parents can give. The development of language, creativity and cultural understanding from reading, discussing and sharing is HUGE so if you are giving this gift thank you for helping to keep this powerful, essential activity 'alive'. Reading is also very powerful as it reduces stress (for the child and the adult!).

EYFS (Nursery and Reception) News

Spring 2: Down on the Farm		
<p>This week in EYFS, the children have been learning all about jobs on a farm. The children have explored the many different jobs the farmer does to help the farm run smoothly from caring for the animals, milking cows, herding sheep and planting, growing, and harvesting crops. Through stories, small-world play, and hands-on activities, the children have been discovering how important these jobs are and how they help provide the food we eat every day. We've also been exploring the different vehicles used on farms. The children were especially excited when 'Farmer Max' visited nursery in his tractor! He showed us the various parts of the tractor and explained what each one is used for, giving the children a fantastic hands-on learning experience.</p>

RECEPTION		
<p>Talk for Writing Text:</p> 	<p>Mastering Number: This week, the children sorted objects in different ways, noticing attributes such as colour, size and use. After joining in adult-led games of "How am I sorting?", they began creating their own sorting rules, building important early skills in identifying similarities, differences and problem-solving.</p> <p>The children also practised recalling doubles and then applied their sorting skills to numbers, exploring different ways to group the Numberblocks. Using their knowledge of doubles, they investigated even and odd numbers, discovering that even numbers can be made of two equal parts.</p>	
<p>Phonics: This week, we revisited our Spring 1 phonics learning following the recent phonics assessments. Our main focus has been on tricky words. 5-6 tricky words have been added to your child's reading record for extra practice at home. Please also take a look at the parent guide shared on ClassDojo and included in your child's reading folder, which explains how we teach these words in school.</p>

NumBots Raffle:

*To encourage regular use and celebrate children's effort, we will be running a **weekly school raffle.***

- Every child who completes **15 minutes of an active story or challenge per week** will be entered into the draw.*

From 1 December, a new, free 24/7 mental health text support service is available for people of all ages living in Shropshire, Telford and Wrekin (STW), delivered by qualified mental health professionals. The service is delivered by SHOUT on behalf of Midlands Partnership University NHS Foundation Trust (MPFT) who are commissioned by NHS Shropshire, Telford and Wrekin. Why is it important? The service expands access to immediate mental health support, complementing existing services such as NHS 111 option 2, and supports the national transformation of NHS mental health care by improving responsiveness, inclusivity and accessibility.

How to access?

Text **'STW'** to **85258**, free of charge and at any time, to start a conversation with a trained mental health professional.

Benefits to Patients

- **Easy access.** No need to speak on the phone or wait for an appointment. Text at any time from anywhere.

- **24/7 support.** Available day and night, including weekends and holidays.
- **Mental health-focused.** Tailored to people experiencing mental health difficulties, delivered with compassion and understanding.
- **Discreet and private.** Ideal for those who prefer not to talk on the phone or need support in a public place.
- **Inclusive and equitable.** Helps reduce inequalities by offering support to anyone across STW.
- **Integrated with local services.** If needed, text responders can help you signpost to local services like NHS 111, crisis teams, or other community-based mental health support.

If someone feels unsafe or at immediate risk, they should call 999, as the text service is not intended for urgent emergencies. Individuals already receiving mental health support should contact their named worker first, in accordance with their care plan.

Pharmacy First can help families – a new service available in Shropshire, Telford and Wrekin

Pharmacy First can help families with minor illnesses and seven common conditions. If appropriate, treatment can be offered without a prescription for seven common conditions, and it can be quicker to see a pharmacist than a GP. Normal prescription charges and exemptions (those who do not have to pay, including children) will apply.

A pharmacy is a great place to get healthcare advice and treatment. Pharmacies are easy to reach, usually located within local communities, and often open evenings and weekends. This service may help children and colleagues get well and back to nursery/school/work quicker.

Health Visiting Information

Every family with children under 5 has access to a health visitor.

Families can access advice and support up until the age of 5 years old by calling **The Single Point of Access on 0333 358 3654**.

If parents don't want to talk to someone, they can send a text and one of the team will get back to them on **07520 635212**

This is a Monday to Friday service 09:30am until 4pm where a Health Visitor is on the line to offer the appropriate advice and support and referrals can be made to the appropriate practitioner.

If parents need extra support or support for potty training, behaviour, sleep, eating we have two Healthy Child practitioner who they can be referred to who will come out to their home or to a clinic to support the family with these issues.

This referral can be completed through the single point of access and sent to the appropriate team.

If it is specialised targeted work the family will be seen by a Health visitor for example low mood or complex development issues, safeguarding or specialised referrals.

All children are seen universally at one years and at two years and they are offered a full health growth and development review via a letter with an appointment.

These are now completed at Cleobury Mortimer Health Centre, Ludlow or Bridgnorth depending on where they live.
